The Seller owes nothing until closing.

The Service Agreement is paid for at closing. 2-10 HBW bills the Escrow/Title company to ensure they know who to make the check out to.

At the close of sale, the home buyer has coverage for one year, and it is renewable annually at our option.

*Seller's Coverage is complimentary during the listing period with a commitment to purchase Buyer's coverage at the time of closing. Complimentary Seller's coverage is not available in California or Florida.
